

**AUTENTIC**

# Eucalyptus Short Guy Poles

## USE / ADVANTAGES

**Straight Walls**

Reducing the probability of water infiltration via walls for set-up's where the recommended guyline distance of 1m80 is not respected

**Smaller bell tent footprint**

Perfect for setup on a limited pitch area, on a platform or during an event with multiple tents

**Aesthetic look**

Aside from the functional advantages, the South African natural shaped Eucalyptus poles add an Aut(h)entic touch to the tent.

## DESIGN

**Poles**

Aesthetic eucalyptus look

**Poles with black hooks**

Intended for use at the entrances

**Poles with zinc hooks**

Intended for use at around the tent
