<b>DEPTH</b>	1.00 m
<b>HEIGHT</b>	At tent side: 2.50 m Lowest part: 2.00 m

## ACCESSORIES

<b>GUYLINES</b>	4 (6 with mini-awning)
<b>AWNING</b>	2.00 m x 1.00 m
<b>TECHNICAL PANEL</b>	Behind shower, can be used for water pipes
<b>WOODEN PLATFORM</b>	Recommended

## FAQ

### IS IT POSSIBLE TO ADD A WATER BOILER?

Yes, it's possible to place a off-grid water boiler next to the tent, as there's enough space around it and ventilation to safely use such equipment. This makes it convenient to heat water for showers or washing while staying close to the bathroom setup.

### ARE VENTILATION OPTIONS INCLUDED TO REDUCE DAMPNESS OR ODORS?

Yes, the bathroom tent has multiple mesh-covered windows that allow for excellent airflow while keeping insects out.

### DOES THE TENT COME WITH PLUMBING CONNECTIONS OR FITTINGS FOR WATER SUPPLY AND DRAINAGE?

There is a technical panel which can be used to run pipes through.
